Urgent take action: Consent for refugee resettlement in Colorado

Due to a new Executive Order (EO) issued by the Trump Administration, we have been in contact with local governments since mid-October, working to secure written consent for continued refugee resettlement. We need you to make your voices heard by making public comment and contacting your City Council members. Please urge them to pass resolutions on local consent for refugee resettlement. Swift action is needed to prevent undue harm for refugee families wishing to be reunited through the USRAP. Local consent must be secured by 1/17 at the very latest.

Please note that our communication about, or participation in, the implementation of EO 13888 is not in any way an endorsement of the legality of the EO.
